

# Cape Cod Village *on the Move...*

## Cape Cod Village Has A Home!

Orleans, Massachusetts – January 16, 2015 – Cape Cod Village is the proud owner of a 3.8 acre parcel of land in the center of Orleans and one step closer to realizing its dream of creating an innovative community for adults with autism.

With the generous support of CPC funds of \$350,000 from the Town of Orleans and a loan from the Disability Opportunity Fund, Cape Cod Village (CCV) was able to purchase this property which is located in the heart of the village behind Mid-Cape Home Centers and adjacent to the Cape Cod Rail Trail.

Founder and President Bob Jones offered the following remarks: "So many have done so much to make this purchase possible. From all of us in the CCV community, thank you. Onward and upward."

**The mission of Cape Cod Village is to meet the ongoing residential and community living needs of adults on the Autism Spectrum.**

---

## ***CCV's Inaugural Annual Fund Campaign...was an unqualified success!***

*We are extremely grateful to all our supporters for making our vision a reality.*

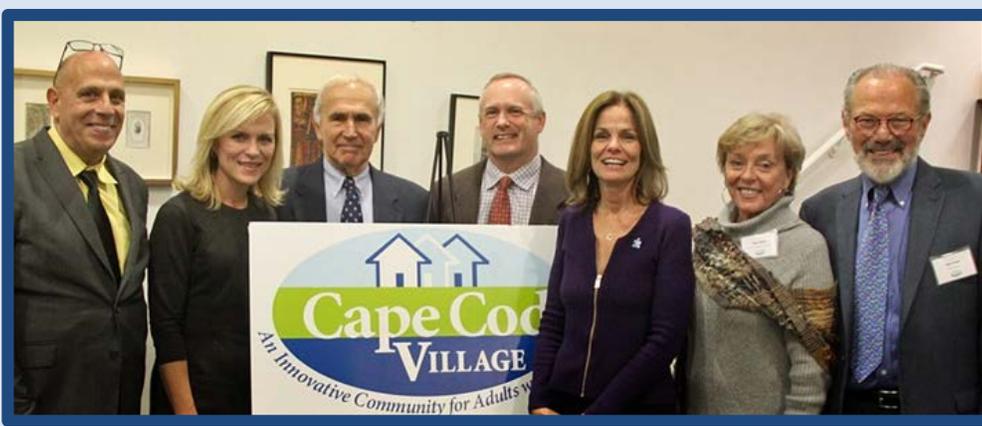

---

Thanks to the support of our many generous donors, the \$5,000 anonymous gift was matched and the goal for the annual fund was surpassed. This achievement will allow Cape Cod Village to continue its extraordinary momentum.

Still want to contribute? It's not too late; our Fiscal Year doesn't end until June 30, 2015.

And, don't forget. You can support CCV all year long when you shop on AmazonSmile. Amazon will donate a percentage of the purchase price of eligible products directly to CCV. Questions about how this works? Just email [info@capecodvillage.org](mailto:info@capecodvillage.org).
