December 8, 2016

To Whom It May Concern:

I am writing this letter in support of Cape Cod Village. I understand that the support of DDS will enable Cape Cod Village to proceed with the development of its project by securing funding from a combination of sources including, but not limited to:

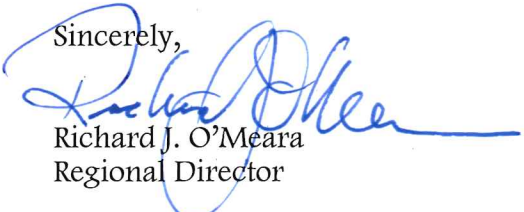

- Private donors
- Foundations
- The United States Department of Agriculture (USDA)
- Federal Home Loan bank
- Local Community Preservation Funds
- Department of Housing and Community Development

The Massachusetts Department of Developmental Services (DDS) is dedicated, in partnership with others, to develop innovative and genuine opportunities for individuals with intellectual disabilities to participate fully and meaningfully in, and contribute to, their communities as valued members.

The mission of Cape Cod Village is to meet the ongoing residential and community living needs of adults on the autism spectrum while promoting the integration of all adults with intellectual disabilities into the Cape Cod community.

The Department will continue to work with Cape Cod Village and guide them toward meeting their objectives.

Sincerely,

  
Richard J. O'Meara  
Regional Director
